## General Studies Degree Requirements (GEN.AGS)

# General Studies Degree Requirements (GEN.ONL.AGS) - 100% Online

The Associate in General Studies degree is designed for students choosing to pursue widely varying areas of interests.

Flexibility is provided so that the required 60 credit hours can be met as individually appropriate.

Because transferability of credits varies with colleges and universities, programs and departmental majors, students are urged to discuss their program with an OCC counselor and transfer institution. Completion of this degree does not meet the four-year transfer college requirements of the Michigan Transfer Agreement.

Courses in the recommended elective category provide soft skills that employers look for in a workplace setting.

### Courses That Satisfy Associate in General Studies Degree Requirements

Candidates for the Associate in General Studies degree must satisfy the requirements for an associate degree (http://catalog.oaklandcc.edu/ programs/applied-science-degree/) as well as the specific minimum requirements:
