HLS 1000  Introduction to Homeland Security .......... 3 Credit Hours
English/ESL Placement: Placement into ENG 1510.
This course will focus on a comprehensive, up-to-date overview of homeland security from an all hazards perspective; to include man-made, natural and technological disasters, as well as intentional threats of domestic and international terrorism, and weapons of mass destruction. Students will review the roles and responsibilities of government agencies, non-governmental organizations and individual citizens in homeland security. BILLABLE CONTACT HOURS: 3

HLS 1001  School Safety and Homeland Security ...... 3 Credit Hours
English/ESL Placement: Placement into ENG 1510.
This course will focus on a specific set of skills to enhance security, prevent, respond, and to recover from acts of terrorism as well as the full range of natural, technological, and man-made disasters. Topics covered will include risk and threat assessment, planning and strategies, and the tools necessary to coordinate and facilitate a school safety program in an educational facility. BILLABLE CONTACT HOURS: 3

HLS 1002  Homeland Security and First Responders  3 Credit Hours
English/ESL Placement: Placement into ENG 1510.
This course explores the unique role of the local first responder. This course covers the common elements of disaster response and the roles of each first responder discipline in the response and recovery process. Course emphasis is on the actions and procedures at the scene where decisions are made using the Incident Command System. BILLABLE CONTACT HOURS: 3

HLS 1003  Introduction to Intelligence for Homeland Security
................................................................................3 Credit Hours
English/ESL Placement: Placement into ENG 1510.
This course will define and discuss the US Intelligence Community and National Intelligence strategy. Topics include the intelligence process, collection, analysis, strategy, and impact on local, state, tribal, and federal authorities. BILLABLE CONTACT HOURS: 3

HLS 1004  Terrorism Analysis ......................... 3 Credit Hours
English/ESL Placement: Placement into ENG 1510.
This course examines the phenomena of terrorism and its impact on the USA. The course examines the emergence of leaderless terrorism, a loose network of groups with common goals apparently acting in isolation towards similar ends. The course will conclude with discussions on fighting terrorism in the USA that include the potential loss of civil liberties and other obstacles. BILLABLE CONTACT HOURS: 3

HLS 1005  Integrating Emergency Management and Homeland Security
................................................................................3 Credit Hours
English/ESL Placement: Placement into ENG 1510.
This course will focus on the integration of emergency management & homeland security at the federal level and the impact of these changes at the state and local level. Students will look at various focus areas in the emergency management field. After a summary of each focus area, students will examine sources of detailed information including existing college courses, public domain reference materials, and online training available free of charge from the federal government. Students receive a broad understanding of the emergency management discipline and the knowledge which must be brought forward to function effectively in the homeland security discipline. BILLABLE CONTACT HOURS: 3

HLS 1006  International Strategies in Homeland Security
................................................................................3 Credit Hours
English/ESL Placement: Placement into ENG 1510.
This course is designed to provide students with lessons from homeland security policies and analytical frameworks employed by other countries, and understand how threats overseas can impact the U.S. homeland. As the United States works to prevent and prepare for terrorist attacks, pandemics, and other disasters in the wake of 9/11, learning from the approaches of other countries becomes an important aspect of homeland security. The positive and negative practices of other nations help students gain knowledge of analytical frameworks and strategic-level homeland security policies practiced by other countries, which can be incorporated into the strategic policies of US agencies charged with homeland security missions at the federal, state, and local levels. The course will also examine transnational threats that impact homeland security. Examples include the al Qaeda base of operations in Pakistan and Afghanistan, as well as conflicts in Lebanon and in Palestinian territory. These conflicts may have a significant spillover effect on security in the United States. BILLABLE CONTACT HOURS: 3

HLS 1007  Transportation and Border Security .............. 3 Credit Hours
Equivalent: HLS 1021
English/ESL Placement: Placement into ENG 1510.
This course provides an in-depth view of modern border and transportation security. Specific topics of study will include security for ships and seaports; aircraft and airports; trains, ground transportation, and their related terminals; commercial trucking; pipelines and power transmission; bridges and tunnels; and major border crossing control points. Existing and emergent technologies needed to detect terrorists, their weapons, and inherent vulnerabilities in infrastructure, will be a special emphasis of the course, along with discussion of the legal, economic, political, and cultural aspects of transportation safety and border security.
