

# Sign Language Interpreter (SLI.AAS)

## Associate in Applied Science

### Human Services

Highland Lakes Campus

In this program, leading to a Sign Language Interpreter Associate in Applied Science degree, the student will gain knowledge of the Deaf community, culture and language, with emphasis on interpretation. The program is designed to train students to be qualified sign language interpreters. Successful completion of the program requirements qualifies the student to take interpreter certification exams. Satisfactory achievement on a certification exam is required by the State of Michigan Deaf Person's Interpreter Act (1982 PA 204 Amended 2007) prior to becoming employed as an interpreter. The policies and procedures regarding progression and retention in the sign language interpreter program, certification exam information, and State of Michigan registration requirements are provided to students after enrollment in SLS 2050. In addition to tuition, students will incur additional expenses related to supplies, travel, and certification exam application.

## Program Requirements

Students must maintain a C+ or better in all required Sign Language Interpreting Program courses, including required supportive courses, in order to advance from course to course and ultimately obtain the Sign Language Interpreter Associate in Applied Science degree.

Students must complete ENG 1510 and ENG 1520 prior to enrollment in SLS 2050.

### Program Plan Example - Not Available

Code	Title	Credit Hours
<b>Major Requirements</b>		
SLS 1000 <sup>1</sup>	American Sign Language (ASL) I	3
SLS 1001	Orientation to Deafness	2
SLS 1010 <sup>1</sup>	American Sign Language (ASL) II	3
SLS 1020	American Sign Language (ASL) III	3
SLS 1030 <sup>1</sup>	American Sign Language (ASL) IV	3
SLS 1050	Linguistic Principles of ASL	3
SLS 1100	Fingerspelling and Number Use in ASL	2
SLS 1150	Beginning Sign to Voice	3
SLS 1211	Non-manual Grammatical Features of ASL	2
