

Automobile Servicing - Maintenance Light Repair (AUS.MLR.CA)

Certificate of Achievement

Engineering/Manufacturing and Industrial Technology

Auburn Hills Campus

The Automobile Servicing Maintenance Light Repair certificate of achievement is designed to prepare students for entry-level servicing operations in the automotive field. This certificate consists of four specialized courses designed in accordance with the mandatory Auto Mechanic Certification tests required for state licensure. Completion of the certificate prepares the student to take the State of Michigan certification exams for licensing in up to three areas of specialization.

A large portion of class time will be spent in the laboratory, allowing the student to gain work experience in automobile servicing. Safety and employability skills are emphasized. Students will be required to obtain eye protection, ear protection, and appropriate work uniforms at their own expense.
